The Hall of Fame program recognizes inductees who have had a lasting effect influencing change, bringing greater efficiency, demonstrating leadership in solving issues facing the trade and logistics (air, land and sea) industries at the international level or across a whole region.

The Candidate Form will be submitted to the TIACA Board Executive Committee who will review the nominations and will award points for each of the 5 listed categories.

The 5 Candidates who receive the highest number of points will comprise the Hall of Fame finalists. If there is a tie then all candidates with equal number of points in 5<sup>th</sup> place will go forward as finalists.

### Hall of Fame Jury:

In order to engage the TIACA Board in the process, they will also form the final Jury together with the Chairmans Council representatives.

### Judging criteria / process:

By May 1 the Jury will be provided with the 5 shortlisted Hall of Fame finalist nominations, or more in the case of a tie arising during the shortlisting process.

A digital voting system will be implemented and jury members will be asked to award points to the nominees based on the published criteria;

Candidate Name	Companies worked for	Global / Regional impact	Innovator	Inspirational Leadership	Impact on regulatory / communities	Workforce or business Impact

Each candidate will be awarded a score of 0-10 (10 = highest) for each criterion.

The nominee receiving the greatest number of points will be declared the winner.

Should the totaling of the scores result in a tie between two or more nominees then a tie break process will apply.

The tie break process will look at individual scores and the nominee receiving the most perfect scores of 10 will be declared the winner.

If the tie break still results in a tie, then the scores of the Chairmans Council alone will be reviewed and the nominee receiving the most points in that analysis will be declared the winner.

### **Prize:**

There will be one Hall of Fame inductee each year.

The winner will be presented with a trophy, a medallion and certificate at the TIACA Executive Summit.

### **Timeline:**

The nomination period will be launched January 1 and nominations can be submitted until the end of March.

The Shortlisting process will run from April 1 to mid-April.

The Jury voting will run from mid-April until end April.

This will allow sufficient time to invite the winner to attend the Exec Summit, usually to be held the last week in June.

A press release will be issued during the Exec Summit event.
